FILLING YOUR PRESCRIPTION

Filling Your Prescription at a Network Pharmacy

The first step to filling your prescription is deciding on a participating pharmacy. In most cases, you can still use your current pharmacy. There is a complete list on our website, **www.navitus.com**.

Using Your Medical Benefit ID Card

You will not need a separate pharmacy benefit ID card. Your medical benefit card also contains information about your pharmacy benefit. Please present your medical benefit card to the pharmacy when you refill your prescription. To determine your copayment before going to the pharmacy, call Navitus Customer Care toll-free.

Receiving Your Medications through Mail Order

Our mail order service offers an easy way for you to get a 90-day supply of your long-term or maintenance medications. Your prescriptions are delivered to your door, saving you a trip to the pharmacy. For more information on how to start our mail order service please see the mail order form in the center of this booklet, or visit www.navitus.com > Members > Member Login or contact Navitus Customer Care.

Getting your Drugs through Mail Order

Navitus Health Solutions partners with WellDyneRx™ to offer mail order services. Drugs available through mail order include prescriptions covered as part of your pharmacy benefit. We recommend mail order service for maintenance (long-term) drugs only. For drugs needed on a short-term basis (e.g., antibiotics for a short-term illness), we recommend using a retail pharmacy.

IT'S EASY TO START:

First, you need to enroll in the mail order service. For convenient, 24/7 access, visit www.myWDRX.com to complete an online enrollment form.

You will be required to mail an original prescription or have your health care provider fax or call in a prescription directly to WellDyneRx in order to initiate this service. Please begin this process three weeks prior to running out of your medication.

Obtaining Refills

Once you've received your first prescription via mail order, refills can be ordered using any of the following methods:

There are two ways to get started with the Tablet Splitting program:

-
1. Call your doctor and ask about the RxCENTS program. He or she can update your prescription with your pharmacy.
 2. Ask your pharmacist to help change your prescription to one that can be split through the Navitus Tablet Splitting program.

Tablet splitting is not required by Navitus, but is simply offered to you as a way to help control costs. If you have any questions, or would like to receive a tablet splitter, please contact Navitus Customer Care toll-free at 866-333-2757.
